

# Skilled Nursing Facility Services

Freed Maxick's Healthcare Services Division is a leader in upstate New York in providing comprehensive accounting and consulting services to long-term care facilities. We have been successful with strategic implementation of numerous business, financial and operational solutions that enable our clients to operate efficiently in today's challenging long-term care environment.

Our healthcare group consists of professionals who understand the unique environment within which proprietary, voluntary and public long-term care facilities operate. Our specialized team of consultants offers distinguished expertise in the area of Medicaid and Medicare clinical and reimbursement matters for skilled nursing facilities.

Our team of healthcare consultants knows that competitive facilities focus on the delivery of care that will ensure accurate reimbursement. This expert team is adept in identifying often overlooked opportunities where providers can improve quality and reimbursement.

Additionally we have established strategic alliances to offer on-site assistance with key healthcare issues.
